

The Counselor Connection

OCTOBER 2021

This month's character trait: INDIVIDUALITY

So what is It?

Individuality is the qualities or the characteristics that make one person different from all others.

Why is it Important?

Individuality is important because if we were all the same, doing the same things, this world would be a very boring place. There is a place for everyone's ideas, thoughts, and personality and you should embrace everything that makes you YOU!

How can you show Individuality?

- Do not be afraid but be PROUD to be yourself!

- Have your own style (clothing, shoes, accessories) and don't just wear something because someone else does.
- Like yourself for who you are and make a list of all the things that make you spectacular!
- Share your feelings and opinions (in a respectful way) without being worried about what others will think!
- Get involved in a sport or hobby that YOU like and not just one that your friends tell you to play or join – do what YOU enjoy!
- Listen to the music that you like to (as long as you have your parents' permission)
